NDIA speaker

The National Disability Insurance Agency (NDIA) is invited to attend and speak at numerous events each year.

Because people with disability and their carers are the heart of the NDIS, the Agency will always endeavour to speak at conferences and events offering free (or heavily discounted) entry for people with disability.

Accessibility is also important to us. The Agency will only attend/speak at events that ensure accessibility requirements for people with disability, their families and carers are met. Please consider this policy before inviting us to present at an event.

To successfully submit your request, please complete the NDIA Speaker/Attendance Request form below. Please include any additional information or documents that will assist us with the assessment process. Once submitted, please be aware that assessments may take up to 20 working days to process. We apologise in advance for any delays.

Thank you again for your interest in the NDIA.

Speaker and event attendance request form

Please complete all questions in the form, including required details, for your request to be processed.

- Speaker and event attendance request form (DOCX 68KB)

If the request is for multiple events, please submit a form for each one.
