

We take employee health and well-being seriously. That's why we launched Well+, our health and well-being program.

Through Well+ employees have access to:

- 24-hour Employee Assistance Program (for you and eligible family members)
- flexible working opportunities
- free Flu vaccinations
- peer support and employee networks
- discounted gym and fitness memberships with Fitness Passport
- annual performance planning that includes health and well-being goals.

We provide access to a range of mental health and well-being resources so our people have a quality work and personal life.

Well+ creates and strengthens our safe and supportive work environment.

It supports the goals of individuals, teams and the Agency.
