6. Participants and carers outcomes and support packages by participant age group

Baseline outcomes - participants

6.2 Description of key participant outcome domains

Outcome statements for children aged 0-6 years (or school entry):
1. Children gain functional, developmental and coping skills that are appropriate to their ability and circumstances / specialist services.
2. Children show evidence of self-determination in their everyday lives.
3. Children participate meaningfully in family life.

Baseline outcomes - family

6.3 Family/carers of participants 0 to 14 (selected indicators)

Outcome statements for families / carers of children with disability aged 0-6 years:
1. Families know their rights and advocate effectively for their children.
2. Families feel supported.
3. Families are able to gain access to desired services, programs, and activities in their community.
4. Families help their children develop and learn.
5. Families enjoy health and wellbeing.

Participant characteristics

6.5 Distribution of active participants with an approved plan by level of function for age 0-6 yrs

Support packages

6.7 Distribution of active participants with an approved plan by annualised committed support band for age 0-6 yrs

6.6 Distribution of active participants with an approved plan by primary disability for age 0-6 yrs

6.8 Total annualised committed supports for active participants with an approved plan by support category for age 0-6 yrs
6. Participants and carers outcomes and support packages by participant age group

Baseline outcomes - participants

6.9 Participants starting school age 7 to 14

- % of children developing functional, learning and coping skills appropriate to their ability and circumstances
- % who say their child is becoming more independent
- % of children who spend time with friends without an adult present
- % of children who have a genuine say in decisions about themselves
- % of children attending school in a mainstream class
- % of children who can make friends with (some) people outside the family
- % who spend time after school or on weekends with friends or in mainstream programs
- Of these, % who are welcomed or actively included

Baseline outcomes - family

6.11 Family/carers of participants 0 to 14

- % receiving Carer Payment
- % receiving Carer Allowance
- % working in a paid job
- % who say they and their partner are able to work as much as they want
- % who can make friends with (some) people outside the family
- % who feel very confident or somewhat confident in supporting child's development
- % who rate their health as good, very good or excellent

Outcome statements for children aged 7 (or school entry) - 14 years:
1. Children gain functional, developmental and coping skills that are appropriate to their ability and circumstances / specialist services
2. Children show evidence of self-determination in their everyday lives
3. Children participate meaningfully in family life
4. Children participate meaningfully in community life

6.12 Description of key carer outcome domains

Outcome statements for families / carers of children with disability aged 7-14 years:
1. Families know their rights and advocate effectively for their children
2. Families feel supported
3. Families are able to gain access to desired services, programs, and activities in their community
4. Families help their children develop and learn
