1. Participant characteristics

1.1 Age profile of active participants with an approved plan (no. of participants)

1.2 Primary disability of active participants with an approved plan

1.3 The level of function of active participants with an approved plan

1.4 Indigenous status of active participants with an approved plan

1.5 Culturally and Linguistically Diverse (CALD) status of active participants with an approved plan

2. Plan approvals

2.1 Month of initial plan approval
6. Participants and carers outcomes and support packages by participant age group

Baseline measures (i.e. on scheme entry) are collected on participants from the short-form outcomes framework (SFOF) questionnaires during the transition period. Active participants with an initial plan approved during the period 1 July 2016 to 30 June 2019 are included.

### Participant characteristics

#### 6.1 Participants 0 to before school

- % of participants/carers with concern in 2 or more areas: 50%
- % who say their child is able to tell them what he/she wants: 40%
- % of children who can make friends with (some) people outside the family: 60%
- % of children who participate in age appropriate community, cultural or religious activities: 50%
- Of these, % who are welcomed or actively included: 50%

#### 6.2 Description of key participant outcome domains

Outcome statements for children aged 0-6 years (i.e. on school entry):

1. Children gain functional, developmental and coping skills that are appropriate to their ability and circumstances / specialist services
2. Children show evidence of self-determination in their everyday lives
3. Children participate meaningfully in family life
4. Children participate meaningfully in community life

#### 6.3 Family/carers of participants 0 to 14

Outcome statements for families/carers of children with disability aged 0-6 years:

1. Families know their rights and advocate effectively for their children
2. Families feel supported
3. Families are able to gain access to desired services, programs, and activities in their community
4. Families help their children develop and learn
5. Families enjoy health and wellbeing

#### 6.4 Description of key carer outcome domains

Outcome statements for families/carers of children with disability aged 0-6 years:

1. Families know their rights and advocate effectively for their children
2. Families feel supported
3. Families are able to gain access to desired services, programs, and activities in their community
4. Families help their children develop and learn
5. Families enjoy health and wellbeing

#### 6.5 Distribution of active participants with an approved plan by level of function for age 0-6 yrs

- Level of function: High: 61.9%, Medium: 23.5%, Low: 12.6%

#### 6.6 Distribution of active participants with an approved plan by primary disability for age 0-6 yrs

- Primary disability:...

#### 6.7 Distribution of active participants with an approved plan by annualised committed support band for age 0-6 yrs

- Annualised committed support band:...

#### 6.8 Total annualised committed supports for active participants with an approved plan by support category for age 0-6 yrs

6. Participants and carers outcomes and support packages by participant age group

6.9 Participants starting school age 7 to 14

- % of children developing functional, learning, and coping skills appropriate to their ability and circumstances
- % who say their child is becoming more independent
- % of children who spend some time with friends without adult present
- % of children who have a genuine say in decisions about themselves
- % of children attending school in a mainstream class
- % of children who can make friends with (some) people outside the family
- % who spend time after school and/or weekends with friends or in mainstream programs
- Of those, % who are welcomed or actively included

6.10 Description of key participant outcome domains

Outcome statements for children aged 7 (or school entry) - 14 years:
1. Children gain functional, developmental and coping skills that are appropriate to their ability and circumstances - specialist services
2. Children show evidence of self-determination in their everyday lives
3. Children participate meaningfully in family life
4. Children participate meaningfully in community life

6.11 Family/carers of participants 0 to 14

- % receiving Carer Payment
- % receiving Carer Allowance
- % working in a paid job
- % who say their child or parent are able to work as much as they want
- % able to advocate for their child
- % who have friends and family they see as often as they like
- % who feel very confident or somewhat confident in supporting child's development

6.12 Description of key carer outcome domains

Outcome statements for families / carers of children with disability aged 7-14 years:
1. Families know their rights and advocate effectively for their children
2. Families feel supported
3. Families are able to gain access to desired services, programs, and activities in their community
4. Families help their children develop and learn
5. Families enjoy health and wellbeing

6.13 Distribution of active participants with an approved plan by level of function for age 7 to 14 yrs

- Function level 1-5: High function/low disability
- Function level 6-10: Medium level function
- Function level 11-15: Low level of function/high disability

6.14 Distribution of active participants with an approved plan by primary disability for age 7 to 14 yrs

- Number of participants
- Proportion of participants

6.16 Total annualised committed supports for active participants with an approved plan by support category for age 7 to 14 yrs

- Capacity Building - Daily Activities
- Capacity Building - Social and Civic
- Capacity Building - Employment
- Capacity Building - Home Living
- Capital - Assistive Technology
- Capital - Home Modifications
6. Participants and carers outcomes and support packages by participant age group

6. Participants and carers outcomes and support packages by participant age group

### Baseline outcomes - participants

#### 6.25 Participants age 25+ (selected indicators)

- % who choose what they do each day: 62%
- % given the opportunity to participate in a self-advocacy group meeting: 28%
- % who want more choice and control in their life: 86%
- % with no friends other than family or paid staff: 12%
- % who feel safe in their home: 72%
- % who feel safe in any place in their home: 77%
- % who rate their health as very good or excellent: 67%
- % who did not have any difficulties accessing health services: 58%
- % who participate in education, training or skill development: 54%
- % who have a paid job: 19%
- % who are happy with their home: 80%
- % who have made plans for when they are no longer able to care for their family member with disability: 58%
- % who rate their health as good, very good or excellent: 62%
- % who did not have any difficulties accessing health services: 26%
- % who participate in education, training or skill development: 28%
- % who have a paid job: 72%
- % of those receiving education, training or skill development: 47%
- % who chose what they do each day: 40%
- % who feel safe in any place in their home: 40%
- % who rate their health as very good or excellent: 66%
- % who did not have any difficulties accessing health services: 37%
- % who participate in education, training or skill development: 19%
- % who have a paid job: 13%
- % who actively involved in community, cultural or religious groups in last year: 40%

### Baseline outcomes - family

#### 6.27 Family/carers of participants age 25+ (selected indicators)

- % receiving Carer Payment: 28%
- % receiving Carer Allowance: 37%
- % working in paid job: 55%
- % who are happy with their home: 65%
- % who have made plans for when they are no longer able to care for their family member with disability: 40%
- % who rate their health as good, very good or excellent: 56%
- % who were in paid employment: 20%
- % who have a paid job: 10%
- % who are happy with their home: 50%
- % who have made plans for when they are no longer able to care for their family member with disability: 40%
- % who rate their health as good, very good or excellent: 50%

### Support packages

#### 6.31 Distribution of active participants with an approved plan by annualised committed support band for age 25+

- High: 15.6%
- Medium: 35.3%
- Low: 35.1%

#### 6.32 Total annualised committed supports for active participants with an approved plan by support category for age 25+

- Core - Daily Activities: 21.6%
- Core - Social and Civic: 56.2%
- Capacity Building - Daily Activities: 7.0%
- Capacity Building - Support Coordination: 7.4%
- Capital - Assistive Technology: 4.4%
- Core - Transport: 5.5%
- Capacity Building - Employment: 5.5%
- Capital - Home Modifications: 1.0%
- Core - Consumables: 2.2%
- Capacity Building - Cultural Activities: 2.0%
- Capacity Building - Social and Civic: 3.6%
- Capacity Building - Residential: 3.6%
- Capacity Building - Choice Control: 3.5%
- Capacity Building - Health and Wellbeing: 3.5%
- Capacity Building - Home Living: 0.0%
- Capacity Building - Lifelong Learning: 0.0%

### 6.26 Description of key participant outcome domains

The adult framework consists of 8 participant domains:
1. Choice and control
2. Daily activities
3. Relationships
4. Home
5. Health and wellbeing
6. Lifelong learning
7. Work
8. Social, community and civic participation

### 6.28 Description of key carer outcome domains

The adult framework consists of 5 family / carer domains:
1. Families know their rights and advocate effectively for their family member with disability
2. Families have the support they need to care
3. Families are able to gain access to desired services, programs, and activities in their community
4. Families have succession plans
5. Families enjoy health and wellbeing

### Participant characteristics

#### 6.29 Distribution of active participants with an approved plan by level of function for age 25+ yrs

- Level of function: High: 15.6%
- Level of function: Medium: 35.3%
- Level of function: Low: 35.1%

#### 6.30 Distribution of active participants with an approved plan by primary disability for age 25+ yrs

- Primary disability: Core - Daily Activities: 21.6%
- Primary disability: Core - Social and Civic: 56.2%
- Primary disability: Capacity Building - Daily Activities: 7.0%
- Primary disability: Capacity Building - Support Coordination: 7.4%
- Primary disability: Capital - Assistive Technology: 4.4%
- Primary disability: Core - Transport: 5.5%
- Primary disability: Capacity Building - Employment: 5.5%
- Primary disability: Capital - Home Modifications: 1.0%
- Primary disability: Core - Consumables: 2.2%
- Primary disability: Capacity Building - Cultural Activities: 2.0%
- Primary disability: Capacity Building - Social and Civic: 3.6%
- Primary disability: Capacity Building - Residential: 3.6%
- Primary disability: Capacity Building - Choice Control: 3.5%
- Primary disability: Capacity Building - Health and Wellbeing: 3.5%
- Primary disability: Capacity Building - Home Living: 0.0%
- Primary disability: Capacity Building - Lifelong Learning: 0.0%
