Changes from the last version

The following updates have been made to the last published version of the myplace provider portal step-by-step guide:

- New section “How to contact NDIS” (page 4)
- Update provider organisation cancel function for account managers and primary contacts (page 55)
- Updates to the name of the ‘Bulk payment request self-help guide’ (pages 55 & 57)
- Update service bookings related to quotable items (pages 24 and 60)

Administering your services

These functions enable you to:

1. Find your active Participants
2. View a Participant’s plan (if you provide services to that participant and have their consent).
3. View and manage your Service Bookings (these record which supports you will provide to participants, the value of the supports, and the period within which they will be provided).
4. View and manage your Payment Requests (how you submit claims for payment for supports delivered).
5. View and respond to Quotations (requests for quotes for supports from the Agency or a participant).
6. View Referrals to your organisation (created by the Agency when a participant would like you to contact them).
7. View and action Support Coordination Requests for Service.
8. Use the Provider Finder (to find additional supports for a participant).
9. Upload Evidence related to the participant or their supports.
10. Download and view reports about all the service bookings you have with active participants and information about participants you have service bookings with, and also your quotation requests.

Finding Participants

All of your active participants will appear in My Participants. When you open My Participants, you can search for a participant and quickly view their plan, view or create service bookings and payment requests.

⚠️ The NDIA requires consent from participants to share their plans with providers. Only participants and their nominees can provide the NDIA with the consent to share their plans with providers. Participants have the choice to either share, or not share their plans with you and can withdraw consent at any time.
1. Select the My Participants tile on the myplace home page.

2. A list of active participants sorted by first name is displayed. From here you can select the links to view their plan, view or create service bookings and payment requests.

3. To search for a participant, type their name or NDIS number in the Find a Participant field and select Search.

4. To view the plan, select the View link and following instructions from Step 8 in the View Plan section below.
View Plan allows you to view the plans of participants that you have active service bookings with and have given the NDIA consent to share their plan with you.

The NDIA requires consent from participants to share their plans with providers. Only participants and their nominees can provide the NDIA with the consent to share their plans with providers. Participants have the choice to either share, or not share their plans with you and can withdraw consent at any time.

The 365-day plan auto-extension feature identifies plans near expiration and auto extends those plans up to 365 days, until the new plan review is approved to ensure that there is not a gap between the plans. The 365-day plan auto-extension feature will allow you to discuss the range of services participants might need during the extension period.

See Download Service Bookings if you want to download and identify any plans that are expiring and include service bookings that qualify for automatic extension.

1. On the home page select View Plan.

A Participant Search screen displays.

A dropdown menu displays for the search criteria field. Use the dropdown menu to select the criteria you wish to use. In this example we are searching by the Participant’s Name. Enter the participants first and last name in the search criteria field.

Select Search.
5. You must enter both the participant’s first and last name to search. When a participant has a common name, it may be easier to search by NDIS Number. You will receive an error message if you don’t enter both names and will be asked to complete the required fields. The names entered must be an exact match for the system to find the participant.

6. You can only view a participant’s plan if you have an active service booking with the participant. If you do not have an active service booking you will receive an error message.

Note: To create the first service booking, you will need to work from the participant’s printed plan, or the information the participant provides to you.

7. You can hover over the ‘?’ Help icon to obtain help on fields.
After searching for a participant, you will see the View Participant Plan page. Select the required participant to open their plan details.

8. The View Participant's Plan page shows the participant’s details (name, gender, NDIS number, date of birth and interpreter need) as well as three open/close sections displaying the participant’s:
   - Current Plan – displays the days remaining in the plan. Select the View Previous Plans button to view the details of past plans.
   - Goals – listing the participant’s current plan and their medium to long term life goals
- **Participant’s Nominee Details** – showing the nominee’s name and relationship details, where a nominee exists.
The View Participant’s Historical Plan page opens.

9. Select Open Section to view details of past plans.

Note: This will only be available if the participant has previous plans.

Important Note: Help text is available throughout the screens. Simply hover your cursor over the field you need more information about.
10. When you have been given consent to view a participant’s plan and you are a registered plan manager with an active service booking you will see the information outlined at point five as well as information about the budget in a participant’s plan.

11. By selecting **Open Section**, you will see the initial Approved Funds spent and the amount of Funds Remaining. Details of any Funds Allocated will also be shown.

## Capacity Building

| Funds Spent: $41.00 | Funds Remaining: $30,952.74 |

### Improved life choices
- Funds Spent: $0.00
- Funds Remaining: $1,901.00
- Approved Funds: $1,000.00

### Improved daily living
- Funds Spent: $20.00
- Funds Remaining: $1,111.00
- Approved Funds: $1,111.00

### Finding and keeping a job
- Funds Spent: $0.00
- Funds Remaining: $2,000.00
- Approved Funds: $2,000.00

### Improved health and wellbeing
- Funds Spent: $0.00
- Funds Remaining: $2,000.00
- Approved Funds: $2,000.00

### Improved living arrangements
- Funds Spent: $0.00
- Funds Remaining: $2,000.00
- Approved Funds: $2,000.00

### Improved learning
- Funds Spent: $0.00
- Funds Remaining: $20,000.00
- Approved Funds: $20,000.00

### Improved relationships
- Funds Spent: $0.00
- Funds Remaining: $200.00
- Approved Funds: $200.00

### Increased social and community participation
- Funds Spent: $0.00
- Funds Remaining: $2,500.00
- Approved Funds: $2,500.00

### Support coordination
- Funds Spent: $21.00
- Funds Remaining: $182.74
- Approved Funds: $182.74

## Capital

<table>
<thead>
<tr>
<th>Funds Spent:</th>
</tr>
</thead>
</table>

## Core

<table>
<thead>
<tr>
<th>Funds Spent:</th>
</tr>
</thead>
</table>
12. In the Capital section, amounts will only be shown where a quote has been accepted. The amount will be shown as Approved Funds.

Note: When you have been given consent to view a participant’s plan and you are a registered support coordinator with an active service booking you will see the information outlined at points five and nine as well as information about the type of plan management in the plan and details of other community, mainstream and in kind supports.
Consent to view plan notification

1. You will receive via the **Inbox**, notification of consent to view a participant’s plan, as well as any changes to consent. This will be a message of type ‘Changes to plans shared with you’.
2. See **Inbox** Step 4 for details of how to filter messages by type.
Service bookings

Prior to providing services to a participant, you need to ensure there is a service agreement (not held in the NDIS system) between you and the participant.

Service bookings must be completed before you provide supports to a participant and be paid for a service. It must be in line with the Price Guide and Support Catalogue.

A service booking details support(s) that you will provide to a participant under the service agreement. Both you and the participant will need to agree to the service. A service booking must be in place before you can be paid for a service.

You can create and manage service bookings with your participants using myplace. Service bookings can also be created by participants, their nominee, or their plan manager. A participant may also be supported by an Agency representative to complete their service bookings.

Providers can:

- Create a new service booking with a participant.
- View and edit existing service bookings
- Accept or reject a new service booking including providing a reason for rejection
- Accept or reject a change to an existing service booking, including providing a reason for rejection
- Edit support details on a service booking including duration, price and quantity
- End a service booking including immediate cancellation
- Delete a service booking

Important points to note:

- The dates of the service booking must be within the participant’s current plan.
- If the dates of your service booking do not cover the whole plan duration, you can create additional service bookings, or extend it to cover the plan. The dates of the service bookings (with the same support category) cannot overlap. Plan Managers should create their service bookings for the duration of the plan.
Provider portal step-by-step guide

- The 365-day plan auto-extension feature identifies plans near expiration and auto extends those plans up to 365 days, until the new plan review is approved to ensure that there is not a gap between the plans. The 365-day plan auto-extension feature will allow you to discuss the range of services participants might need during the extension period.

- From 10 February 2020, participant plans that include funding for Specialist Disability Accommodation (SDA) and Supported Independent Living (SIL) will have a service booking extended and pro-rata funding is allocated automatically where the extension has been applied. Please continue to regularly submit payments requests in accordance with the accepted quote.

- From 9 May 2020, participant plans that include funding for Assistive Technology, in some circumstances, will have a service booking extended and pro-rata funding allocated automatically where the extension has been applied.

- The service booking must have at least one support category (displayed as Support Budget) included.

- You can have multiple support categories within one service booking.

- You can have additional service bookings for the participant for other support categories.

- The Item Number field (line item) is not mandatory unless the item is stated in the plan.

Create service bookings

Providers can create two types of service bookings depending on the participant's plan. Participant plans will have funding allocated at either a category level or an item level. Some will have funding at both levels. In this case, providers might need to create two separate service bookings.

**IMPORTANT:** The Agency recommends that service bookings be created at the category level, if possible. This allows providers and participants to negotiate or access supports on a more flexible basis, especially for on-the-spot assessments or services. This is preferable to having to create another service booking for that item at a later date or having funds locked into a support line item that does not relate to the appropriate support.
Item level funding
If a participant has a stated item in their plan, and the provider tries to create a service
booking in the support category but does not choose the stated support item, the portal will
reject the service booking.

The stated support item must be selected to create a service booking.

Category level funding
If a participant has funding allocated at a category level, the provider can create a service
booking at a category level.
This type of service booking allows providers to use participant funds more efficiently and
delivers greater flexibility for participants to utilise their funding across different support items
within a support category.

Service booking at the category level funding
1. Select the Service Booking tile on the myplace home page.

The Service Booking page displays.

2. Select the New Service Bookings tile.
The Add service booking page opens.
3. Enter the participant’s **Last Name, NDIS Number, Date of Birth** and select **Search**. The **Service Booking Details** section (Step 1) opens.

4. Select the **Service Booking Type**. The types available are:
• **Standard booking** is available when funds are Agency managed. In most instances the only option will be standard booking.

• **Plan managed booking** is only available when a provider is managing participant funding, as specified in the plan. The plan manager provider must be registered to do this. To create a plan managed service booking, a standard service booking between the plan manager and participant must first exist. This standard service booking needs to include at least one item for financial intermediary supports.

  **Note**: Plan managed Service Booking Process

• Plan management financial intermediary and monthly fees are stated items. These should be specified in the plan and the costs must be in line with the pricing guide.

• The plan manager must create a standard line item service booking for the financial intermediary set up and monthly fees. To create standard line item refer to the steps in service booking at the Line Item level.

• Once standard line item service booking is created, the plan manager will be able to create plan managed service booking for plan managed funded supports within the plan. To create plan managed service booking, refer to steps 3 to 12.

**In-Kind service booking** is only managed by NDIA. In-kind are prepaid services funded by state, territory or Commonwealth governments. When these supports stop, you can create service bookings to claim the supports through NDIS. If you have any queries please contact INKIND@ndis.gov.au

5. Enter the start and end dates of the service booking. These dates cannot sit outside the date range of the plan.

6. Select **Find Plan**.

The **Select Plan** section (Step 2) opens.

7. Select the button of the plan you want to work with.
The Support Details section (Step 3) opens.

Note: The Item Number field (line item) is not mandatory unless the item is stated in the plan. Typically, an item is not stated but contact the participant to verify.

If you wish to select the Item Number, please refer to service booking at the Line Item Level funding.

8. Select the support category using the dropdown button for Support Budget.
9. Enter the Allocated Amount as agreed with the participant then select Add.
   - Select Reset to clear all your entries and selections.
   - If you need to add another support item, select Add.

10. Once you have selected Next to continue, the booking and item details display. If you need to edit the details of the service booking, select Back.
11. Check the service booking is correct and when you are confident that everything is correct, add comments to the ‘Comments’ field to explain the booking.
12. Ensure the service booking is as agreed with the participant, then tick the mandatory declaration and select Submit.

13. Select View Service Bookings to go directly to the View Service Bookings page, which is described in the steps below or select myplace logo to return to the home page.

Service booking at the line item level

1. Follow steps 1 to 7 of service booking at the Category level funding to open the Support Details section.

2. Select the support category using the drop down button for Support Budget.

3. Select the Item Number using the drop down button.

   Note: Only items which you are registered to provide will be displayed.
4. Enter the **Allocated Amount** and the **Quantity** as agreed with the participant then select **Add**.
   - Select **Reset** to clear all your entries and selections.
   - If you need to add another support item, select **Add**.

The support item added moves to the **Added Details** section. If these details are incorrect, you can edit or remove the entry using the **Action** links.

5. When the details are correct, select **Next** to continue.

6. Once you have selected **Next** to continue, the booking and item details display. To edit the details of the service booking, select **Back**.

7. Check the service booking is correct and when you are confident that everything is correct, you can add comments to the ‘Comments' field to explain the booking.
8. Ensure the service booking is as agreed with the participant, then tick the mandatory declaration and select **Submit**.

![Service Booking Add Screen](image)

**Note:** The service booking is automatically approved for the participant when it is created. The booking confirmation page displays.

9. Select **View Service Bookings** to go directly to the **View Service Bookings** page, which is described in the steps below or select **myplace logo** to return to the home page.

![Service Booking Confirmation Screen](image)

**NOTE:** For **Quotable items (including SDA, SIL and Assistive Technology)**, NDIA will approve your quote and the related service booking is created automatically. You are unable to create a service booking for quotable items. Please refer to the **Quotation** section of this guide for further details.
Provider portal step-by-step guide

View service bookings

Service bookings can also be created by participants, their nominee, an Agency representative or their plan manager. All your service bookings can be accessed through View Service Bookings.

1. Select View Service Bookings on the Service Booking page. A list of your service bookings will be displayed. The service bookings are sorted by service booking number, with the most recent booking first.

2. Select a Service Booking Number to view details of that booking.

Note: Use the Next and Previous buttons at the bottom of the screen to navigate forwards and backwards through the lists that have more than 10 entries.

Tip: You may need whenever you make a new selection to re-select Refine Search (besides the Search button) to expand and view the sorting options available on screen.
3. You can search the list of service bookings two ways:
   a. By entering a participant’s name or NDIS number, or service booking number; then click the Search button.
   b. By selecting from the Initiated By or Status dropdowns; then click the Search button.

Initiated By allows you to view and sort the service bookings by the party that initiated the booking — by All, Participant, Provider or Staff.

- Status allows you to view and sort the service bookings by:
  - Active / Inactive (these are listed in the results separately)
  - Awaiting Participant Review
  - Awaiting Review
  - Change Awaiting Participant Review
  - Review Change
  - Rejected

Note: These are explained below.

<table>
<thead>
<tr>
<th>Service Booking Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Active</td>
<td>The service booking has passed validation and been accepted by the participant and provider. It is currently within the dates where service delivery may occur and can have payment requests made against it.</td>
</tr>
<tr>
<td>Inactive</td>
<td>The service booking passed validation and was accepted by both participant and provider, but it has now expired (past the date of service delivery). It can have payment requests made against it if the date of service delivery falls within the original service booking dates.</td>
</tr>
<tr>
<td>Service Booking Status</td>
<td>Definition</td>
</tr>
<tr>
<td>-----------------------------------------</td>
<td>-------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>Awaiting participant review</strong></td>
<td>The participant needs to review the new service booking. <strong>Please note:</strong> If the participant does not have access to their myplace portal to review the service booking, you should contact the Agency.</td>
</tr>
<tr>
<td><strong>Awaiting review</strong></td>
<td>The provider needs to review the service booking and either accept or reject it (refer to Accept or reject a new service booking for further details).</td>
</tr>
<tr>
<td><strong>Review change</strong></td>
<td>The service booking has been modified by the participant or Agency. You need to accept the change to make the service booking active or reject the change to keep the service booking as it was (refer to Accept or reject a new service booking for further details).</td>
</tr>
<tr>
<td><strong>Rejected</strong></td>
<td>Either the participant or provider did not accept updates to the service booking. No payment requests can be made against it.</td>
</tr>
<tr>
<td><strong>Change awaiting participant review</strong></td>
<td>The participant needs to review the updated service booking. <strong>Please note:</strong> if the participant does not have access to their myplace portal to review the service booking, please contact the Agency.</td>
</tr>
</tbody>
</table>

4. You can then sort the list of Search Results by the column titles; just make your selection from the options in the Sort By dropdown to view all service bookings by:
   - Service Booking Number
   - Service Booking Start Date
   - Service Booking End Date
   - Submitted Date
   - Service Booking Status
5. Select a Service Booking Number to view details of that booking.
The details of the service booking display.

![Service Booking Details](image)

**Note:** End dates of service bookings that are about to expire, and that share the same end date as the plan they belong to, will be extended using the 365-day plan auto-extension feature. You will see an alert in the service booking screen to notify you when a service booking has received an extension: “The end date of this service booking has been changed to align with the participant’s plan dates”. You may need to change your service booking in the old plan.

When viewing service bookings within 90 days of an expired plan you will see the following alert:

<table>
<thead>
<tr>
<th>Alert message displayed</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Service Booking end date has changed to &lt;Service Booking End Date displayed&gt;. Funding within the Service Booking may be reduced after &lt;Date displayed&gt;.</td>
<td>You are encouraged to request payment for services provided to participants within 90 days of service. Payment requests made after 90 days may cause a delay in payment.</td>
</tr>
</tbody>
</table>

When viewing service bookings after 90 days of an expired plan you will see the following alert:
Alert message displayed | Action
---|---
The Service Booking end date has changed to `<Service Booking End Date displayed>`. Funding within the Service Booking may have reduced from `<Date displayed>`.
Review the service booking details and if you are unable to submit your payment request contact NDIA on 1800 800 110.

6. Select **Back** to return to the previous page.

**Accept or reject a new service booking**

New service bookings will have a status of ‘Awaiting Review’ and will need to be accepted to become active and enable service delivery and payment.

1. Select the **View Service Bookings** tile and expand the **Refine Search** dropdown.

2. Click on the **Status** dropdown and select **Awaiting Review**; then click the **Search** button to display new service bookings awaiting review.
3. Select a **Service Booking Number** to view details of that booking.
4. Review the service booking. If you decide to accept the service booking, select Accept from the Decision dropdown under Record Review Decision and select Submit.
5. If you decide to reject the service booking, select a **Reason for Rejection** and select **Submit**.
Accept or reject changes to a service booking

Service bookings that have been modified by the participant or Agency will have a status of ‘Review Change’. You can accept the changes to update the service booking or reject the change to keep the service booking as it was previously.

1. Select the View Service Bookings tile and expand the Refine Search dropdown.

2. Click on the Status dropdown and select Review Change; then click the Search button to display new service bookings requiring review.

3. Select a Service Booking Number to view details of that booking. The revised end date, quantity and amount are shown.
4. Review the changes and decide whether to **Accept** or **Reject** the change.

**Record Review Decision**

Before proceeding with providing a decision please review the Revised Amount, Revised Quantity or the Revised End date columns as displayed above.

**Decision**: Accept
If you decide to reject the changes to service booking, select a Reason for Rejection and select Submit.
If you select Other as the reason, you will need to provide a Rejection Explanation and select Submit.
Service booking changes notification

A daily summary of all changes that have been made during the day is sent automatically to your Inbox overnight to help alert you to changes that require attention. Just filter your Inbox by ‘Changed Service Bookings’ and select your preferred format (HTML or PDF) to read the notification.

The notification summary of all service booking changes for all participants will be displayed:
RE: Summary of Service Bookings requiring further action

The following service bookings have been created or amended and require further action by you:

Please use the myplace portal to review and either accept or reject the change. Note that if the end date has been brought forward, an accrual for pending claims may be added and there can be no further updates to the service booking.

If you have any questions, contact the National Disability Insurance Agency on the details provided below.

Yours Sincerely

National Provider Payments Team
National Disability Insurance Agency

How to contact the NDIS
Please remember if you phone us we need to know we are talking to the right person so we will ask for details only you, or a person authorised on your behalf, would know.

- Phone us: call 1800 800 110
- TTY user: call 1800 555 677 and ask for 1800 800 110
- Speak and Listen (speech-to-speech relay) user: call 1800 555 727 and ask for 1800 800 110
- Internet relay user: visit the www.relayservice.gov.au and ask for 1800 800 110
- Email: enquiries@ndis.gov.au
- More information: www.ndis.gov.au
Edit support details on a service booking

You may need to amend some of the details on the service booking, such as quantity or allocated amount.

1. Follow the steps outlined under View Service Bookings above.
2. In the View Support Booking Details, select Update Allocation.

3. Enter the new Quantity, Allocated Amount and check the Declaration to confirm that the service booking reflects what you have discussed and agreed with the participant.

4. Select Submit.
End a service booking

You might need to end a service booking if you are unable to continue to deliver the service, or the participant asks you to stop delivering the service.

**IMPORTANT ACTIONS REGARDING END DATES**

When you end the service booking you need to review:

1. All payment requests are up to date;
2. Accrued amounts are enough to cover any outstanding payment requests which you are yet to request payment for (which are yet to be submitted).

1. Follow the steps outlined under *View Service Bookings* above.

2. Select Update End Date
   
   The Update End date screen displays

3. Complete the following fields:

   At *Service Booking End Date*, enter the end date for the service booking and the reason for the change.
Note: If you want to change a service booking end date to today’s date, the participant is required to accept the change. You must check the ‘declaration’ at the bottom of the screen to indicate that you have discussed the change with the participant and that you are authorised by them to confirm the new end date.

At **Reason for Change**, select from the dropdown list. Some reasons are there to support participant choice, some provider choice, and some both.

- Enter the value of services delivered where a payment request has not yet been submitted at **Accrual for pending payment requests**. This is to ensure sufficient funds are retained against the service booking to pay for all services delivered.
- Tick the box at the **Declaration**. This is a compulsory field and the onus is on you, as the provider, to have discussed and gained consent from the participant to end the service booking.

4. **Select Submit.**

A warning will be displayed that following the update, **Quantity**, **Allocated Amount (Unit Price)** and **End Date** cannot be changed.
5. Select Yes.

**Delete a service booking**

If you have created a service booking in error, you may wish to delete it. Service bookings can be deleted only if:

- There is no payment requested created or saved against it
- There is no accrual against it, and
- No payments made.

1. Follow the steps outlined in the View Service Bookings above
2. Find the service booking to delete
3. In the View Service Booking Details, select the Delete button.
A warning will be displayed to confirm that once you delete it, the service booking will be removed from your list of services bookings permanently and you will not be able to provide services or request payment if you proceed.

4. Select Yes.

An information message confirms that the service booking has been deleted.
Payment request
Payment requests were previously known as claims. In this tile you can create and submit payment requests to NDIS. You can also go here to view a history of submitted payment requests.

⚠️ You will need to have provided your bank account details to NDIS before a payment request can be created. Usually, you would have recorded your bank account details in the myplace portal after registering with NDIS (please see Bank Account Details section).

⚠️ You are encouraged to request payment for services provided to participants within 90 days of service. Payment requests made after 90 days may cause a delay in payment.

Create a payment request
1. Select the Payment Request tile on the myplace home page.
2. Select Create Payment Request.
3. Search for the participant you have provided services for. You can search for the participant by their first or last Name or NDIS Reference Number. Choose how you want to search by selecting the dropdown menu.
4. Enter the details of the participant for whom you need to submit a payment request and select **Search**. In this example, the participant’s NDIS reference number is selected as the search criteria. The NDIS number can be either the participant’s new NDIS number or the old Siebel NDIS number.

The **Search Results** display.

5. Select the relevant **Participant Name**.

The **New Payment Request** window opens.
6. Enter data in the required fields. These fields are marked with a red asterisk (*) and must be completed. The required fields are Support Start Date, Support End Date, Support Category, Item Number, Item Quantity, Payment Amount, Claim Type and Invoice Number. If the Claim Type is cancellation, a cancellation reason is required.

**IMPORTANT NOTES ABOUT PAYMENT REQUEST**

- Service bookings are created to hold/quarantine the funds for which providers can claim through payment requests.
- Before submitting a payment request, check your service booking details to ensure: there is sufficient funding, service booking dates are within the plan dates, support category or line item are correct.
- Once checked, payment requests can be created and must align with that service booking.

**Note:** The information entered for the payment request must align with the service booking (i.e. you cannot enter a date that is outside the date range of the service booking).

7. Select the **Support Category**.

8. Select the **Item Number** magnifying glass icon to search for the **Item Number**.
A list of the items display that are available to claim.

9. Select the **Support item number** for the item you wish to submit a payment request for.

![Support item selection screenshot]

10. You will also need to enter your **Invoice Number** as a reference for your payment request. This invoice number is specific to your invoicing process and is not generated by NDIA.

11. Enter your **Item Quantity** amount. This may be either in line with how many hours or the number of services/support you have provided, consistent with the way you set up the service booking (i.e. if you want to request payment for 1 hour and 45 min you will need to enter 1.75 or if you are requesting payment for one product or service, you will enter 1).

**Important:** The **Payment Amount** is the total amount being requested; it is not the unit price amount.

12. You will also be required to enter the **Claim Type**. This field has a dropdown menu that is used to claim for the following services; refer to the NDIS Price Guide for further information on each **Claim Type**.
If the **Claim Type** selected is cancellation, then a **Cancellation Reason** will be required from a list for the most appropriate reason.

13. If you need to add more items for this participant, select **Add** to enter them. Select **Next** to continue to the next step.

**Note:** To delete a line in a payment request, select **Delete**.
14. The **Review Payment Request** page opens.

Review the following details and select the relevant action:

- If the payment request details are correct, tick the mandatory price guide acknowledgements box at the bottom of the screen and select **Submit**.
- If the payment request details are correct, select **Submit**.
- If you need to change any of the payment request details, select **Back**.
- If you do not wish to continue with this payment request, select **Cancel**.

You will receive a confirmation once your payment request has been submitted.
View payment request

You can view a history of submitted payment requests. You can view by submitted payment requests or bulk upload files.

Submitted payment requests

1. Select View Payment Request on the Payment Request page.

2. At View By, select Submitted Payments Request from the dropdown list.

3. Select the Search by drop down and select the desired search criterion.
4. Enter your search criterion and select Add to Criteria. You can add multiple search criteria.

5. You can search by various criteria - rejected, incomplete, pending payment, paid, cancelled or awaiting approval. Select Add to Criteria to add more criteria to your search.
6. Once you have entered all your criteria, select **Search**. Your search results display.
7. Select the **Payment Request Number** to open details of that payment request.

![Search Results]

The table below explains what the different status criteria mean.

<table>
<thead>
<tr>
<th>Payment Request Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Paid</strong></td>
<td>Payment has been approved and payment issued.</td>
</tr>
<tr>
<td><strong>Incomplete</strong></td>
<td>The payment request needs to be updated as it is incomplete.</td>
</tr>
<tr>
<td><strong>Pending Payment</strong></td>
<td>Payment is yet to be finalised.</td>
</tr>
<tr>
<td><strong>Cancelled</strong></td>
<td>The request has been cancelled.</td>
</tr>
<tr>
<td><strong>Deleted</strong></td>
<td>The request has been deleted.</td>
</tr>
<tr>
<td><strong>Awaiting Approval</strong></td>
<td>Approval required from the Agency.</td>
</tr>
<tr>
<td><strong>Rejected</strong></td>
<td>The payment was not processed and will not be visible to the user.</td>
</tr>
</tbody>
</table>

8. When the details of the payment request display, select **Back** to return to the previous page.
Uploaded bulk payment files

Further details on how to do this can be found in the Bulk payment request self-help guide on the NDIS website.

Cancel payment request

If you make a mistake with a payment request, you can cancel the request if it has a status of Pending payment or Paid. After the request is cancelled, you can enter a correct payment request if needed.

**Note:** You must be an account manager or primary contact to cancel payments.

If you cancel a payment request with a status of Pending payment (i.e. we have not yet paid you that amount) the payment request will not be processed.

If you cancel a payment request with a status of Paid (i.e. we have paid you that amount and you consider it to have been paid incorrectly), we may:
- send you an invoice requesting repayment of the cancelled amount, or
- offset your future payment requests against the cancelled amount.

**Note:** If we apply an offset, you will not receive any further payments until you have submitted payment requests which in total, equal the cancelled amount.

**Note:** If you wish to return a payment that you have received after cancelling the payment request, please contact us on 1800 800 110.

---

1. Select the **Payment Request Number** link to display the **Payment Request Details**.

**Note:** Only payments that have the status of **Paid** or **Pending Payment** can be cancelled.
2. Select **Cancel Payment**.
A message displays asking ‘Are you sure you would like to cancel the selected payment?’

3. Select **Yes**.

4. The following message displays. If you search again for the payment request you will see it now has a status of **Cancelled**.

![Confirmation message](image)

**Recipient Created Tax Invoices (RCTI)**
These are generated for each payment request or bulk upload. To make reconciliation simpler, all invoices for the same day are batched together.
Additionally, there is an ability to download RCTIs in PDF and Excel format.

**Bulk payment request upload**
You can upload payment requests in bulk. The payment requests can be uploaded in either .csv or .xml file formats. Use the current version of the bulk upload template available on the **myplace** portal.

Further details on how to do this can be found in the **Bulk payment request self-help guide** on the **NDIS website**.
Payment summary

You can view a summary of the payment requests through Payment Summary. The summary can be up to a 30 day period and includes cleared (received) payments, pending payments, rejected payments and bulk upload file payments.

1. Select Payment Summary on the Payment Request page.

2. Enter the From Date and To Date of the summary (up to a 30 day period).

   Note: This is the date that the payment was requested.

3. Select Find Summary.

4. Select Open Section to view the summary details.
### Provider portal step-by-step guide

**Payment Summary**
Below is your account summary:

- **Pending Payment Requests**
  - Pending Total: $150.00

- **Advance Summary**

Quotations

IMPORTANT NOTE FOR APPROVED QUOTES:
When NDIS approves your quote, you don’t need to create the related service booking, it is created automatically for you.
You will receive a message in your Inbox informing you that the service booking has been created.

This section allows you to view and respond to quotation requests sent to your organisation by the NDIA. Quotations enable you to submit quotes to provide particular supports on a participant’s plan.

Note: Many quotations are currently being managed outside the portal and entered into the system by the Agency to manage system limitations.
This section allows you to view, respond to and manage quotes.

View a quote

1. Select the Quotations tile on the myplace home page.
   When a Quotation Request is received a banner notification will appear on the tile.

The Quotations page opens and your quotes will be displayed. The results will be organised under the following column headers:

- **Find a participant**: Enter either the participant name or their NDIS number.
- **Sort by**: Select an option from the dropdown list to sort the list by the column headers.
- **Quote ID**: The list of quotations requested by NDIA.
- **Participant name (NDIS number)**: The name and NDIS number of the participant that the quotation relates to.
• **Date requested:** The date the quotation was requested by NDIA.
• **Quote type:** Shows the type of quotation.
• **Description:** Describes the item.
• **Item:** Shows the item number.
• **Status:** Shows the status of the quotation as one of the following:
  - Awaiting provider response
  - NDIA has received response
  - Quote has expired
  - Archived
  - Quote is accepted
  - Quote was unsuccessful
  - Quotation open

2. Select **Sort by** to sort the list of quotes by any of these columns. Only one column can be sorted at a time. Use the previous / next page controls at the bottom of the page to move through the list. To return to the previous page, select **Back**.
3. To refine your search, select the **Refine Search** dropdown to display the filters you wish to search on — Quote ID, Quote type, Date requested, Status. You can enter multiple criteria to further refine the list.
4. To view details for a particular quote, select the quote number under the **Quote ID** column. The **Quotation Details** screen displays. It allows you to enter your quotation response and upload any documents directly to the quote request.

5. Select the **View quotations** button to return to the list of quotations.

**Note:** For plans migrated from the NDIS trial only, there has been a temporary change to the myplace provider portal to bypass the quotation process. This has been implemented to allow payment requests to successfully be processed.
Provider portal step-by-step guide

Respond to a quote

1. To respond to a quotation request, complete the fields in the Quotation response tab:
   - **Supply details**: Enter all relevant information about the supply of the item or service.
   - **Specifications**: Record the conditions of the quote.
   - **Inclusions**: Enter all items that are included in the quote.
   - **Specific exclusions**: Record any items that are excluded in the quote.
   - **Price per unit**: Enter the total price of the quote per unit (excluding GST).
   - **Quantity**: Specifies the item quantity.
   - **GST per unit**: Record the GST amount.
   - **Terms of quote**: Select the number of days that the quote is valid for - either 30 days or 60 days.

<table>
<thead>
<tr>
<th>Quotation response tab</th>
<th>Associated documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quotation response</td>
<td></td>
</tr>
<tr>
<td>Supply details</td>
<td></td>
</tr>
<tr>
<td>Specifications</td>
<td></td>
</tr>
<tr>
<td>Inclusions</td>
<td></td>
</tr>
<tr>
<td>Specific exclusions</td>
<td></td>
</tr>
<tr>
<td>Price per unit</td>
<td>$</td>
</tr>
<tr>
<td>Quantity</td>
<td>2.00</td>
</tr>
<tr>
<td>GST per unit</td>
<td>$</td>
</tr>
<tr>
<td>Grand total</td>
<td>$0.00</td>
</tr>
<tr>
<td>Terms of quote</td>
<td></td>
</tr>
<tr>
<td>30 Days</td>
<td>60 Days</td>
</tr>
</tbody>
</table>
2. Once you have entered all the information in the Quotation response tab, select the Associated documents tab to upload any documents relevant to your response.

![Screenshot of Associated documents tab](image)

The Associated documents tab displays. It lists any documents you have previously associated with your response to this quotation. If you have not previously uploaded any documents, the message will display ‘You do not have any associated documents for this quotation’.

If you have previously uploaded a document, you will see it listed.

![Screenshot of Associated documents list](image)

Select the Document name if you want to download and view the document. You will be taken through a set of document download instructions.

Select Remove under Actions if you want to remove the document from your list of documents. You will be shown a message asking you to confirm your intention to remove the document from your list — either Yes or No.

![Confirmation message](image)

3. To upload a document, select the Upload document button. A Document Upload window displays.
A list of **Available documents** is shown at the bottom of the window. These are documents that have previously been linked to this quote.

<table>
<thead>
<tr>
<th>Document name</th>
<th>Description</th>
<th>Date uploaded</th>
</tr>
</thead>
<tbody>
<tr>
<td>Example document</td>
<td>Example description</td>
<td>26/09/2019</td>
</tr>
</tbody>
</table>

**Note:** Uploaded documents are labelled **Available documents** when you are viewing the **Document upload** form. The same documents are labelled **Associated documents** when you view them on other Quotations screens.

4. **Provide a Document name and Description.**

   **Note:** Use a meaningful short title for the document name, and a description that will help you distinguish this document from other documents in the list.

5. **Select Browse** to locate the file you want to upload. The maximum file size you can upload is 47MB. Then select the **Upload** button.

   **Note:** Any documents that you upload will also be visible to NDIA and participants.

A success message displays at the top of the page.
You will see that your file has been added to the Available documents list shown below the message.

6. Select the Back to quotation details button to return to your response window.
Your quotations details screen displays.

7. Select the **Review** button to review the details of your response before you submit them to NDIA.

8. Once you are satisfied that you have provided all necessary information and uploaded and/or removed relevant documents, select the **Submit** button.
A message displays asking you to confirm your submission of the quotation - either Yes or No.

You are about to submit this quotation. Are you sure?
A success message displays at the top of your quotation details window.

The status of the quote changes for the quotation details to **NDIA has received response**.

If the NDIA approves your quote, the status of the quote changes to **Quote is accepted**. You will receive a message in your **Inbox** if the quote has been rejected by the NDIA.

**Note**: The system does not enable you to update and resubmit a revised quote. Where negotiation is required, please contact your local NDIA office prior to submitting your quote.

### Referrals

This section allows you to view referrals made to your provider organisation by the Agency.

1. Select the **Referrals** tile on the **myplace** home page.

   The list of referrals opens.

2. Select **Home** to go back to the **myplace** home page.
Requests for Service

This section allows you to:

- view Support Coordination Requests for Service sent to your provider organisation by the Agency
- access and review Support Coordination Requests for Service sent to your provider organisation by the Agency
- accept or reject Support Coordination Requests for Service sent to your provider organisation by the Agency.
- update your notification preferences for emails sent to you for Requests for Service.

View Support Coordination Requests for Service

1. Select the Request for Service Forms tile on the myplace home page.
2. The full list of Request for Service Forms displays. It shows the complete list of requests for service issued to your organisation.

3. You can search for specific requests for service by participant name or NDIS number.

4. Select an option from the Refine Search dropdown to sort the list by the column headers:
   - **Request ID:** Individual Request ID for each request.
   - **Participant name:** NDIS participant name.
   - **Plan End Date:** Participant Plan End Date.
   - **Date Requested:** The date the request for service was referred to your provider organisation.
   - **Due Date:** The Due Date by which you need to respond to a Request for Service referral request.
   - **Status:** Displays the status of the support coordination request for services:
5. You can also sort the results in the Sort By dropdown by Request ID and Status.

Access and review Support Coordination Requests for Service

1. To access and review a request for service, click on the specific Request ID. You can only access a request for service with a status of Pending or Accepted.

2. While the list will display all requests for service submitted to your provider organisation, you will not be able to access requests with a status of Cancelled, Rejected or Expired.

Select the underlined Request ID.

| #5143 | Sam Self | 26/03/2020 | 11/07/2019 | 17/07/2019 | Pending |

The Request for Service - Manage New Request for Service screen displays.
The screen shows the following information:

- **Participants Details**: the request ID, participant’s name, participant’s age, the NDIS plan end date, preferred contact method, phone number, email, address, if a participant requires an interpreter, the myplace activation code status, the due date to action the request, and why the Agency referred the support coordination request to your provider organisation.

- **Request Details**: the Request ID, document name, and date of attached. This section provide access to the individual request for service details.

- **Referral Decision**: This section allows you to respond to the Agency’s request for support coordination.

To access the detail for an individual Request for Service, select the **Request for Services form** link under the **Document Name** column header.
The request for service form displays. It comprises eight ‘parts’ — these are described below. Select the part name you are interested in. You can also select the Next or Back buttons below the part details to move from one part to another.

**Note:** Select the View RFS List button to display the full list of support coordination requests for service issued to your provider organisation.
The eight parts are as follows:

**Part 1&2** displays the participant’s name, age, contact details and other information.

**Part 3&4** displays the details of the request support coordination provider and the nature of the support coordination request.

**Part 5** displays the referrals for assessment that are part of helping the participant to implement their plan.

**Part 6** displays details for the participant such as disability information, living arrangements, relationships and supports.

**Part 7** displays the participant’s goals.

**Part 8** displays the participant’s funded supports included in the participant’s plan.

### Accept or reject Support Coordination Requests for Service

The Referral Decision can be either Accept or Reject.

1. To accept or reject a Request for Service Form, select the underlined Request ID.

   + | 645145 | Sam Sel | 25/03/2020 | 11/07/2019 | 17/07/2019 | Pending |

2. To accept the referral request, select Accept from the Action dropdown box and select the Submit button.
3. To reject the referral request, select **Reject**, followed by one of the four **Reject Reasons** in the dropdown box, and then select the **Submit** button.
Update Coordination Requests for Service Email Notification

When your organisation receives a new Request for Service you will be notified by email immediately. You can decide if your organisation will or will not receive immediate email notifications.
1. Select the **Request for Service Forms** tile on the myplace home page.

2. The full list of **Request for Service Forms** displays. It shows the complete list of requests for service issued to your organisation.

3. Select **Update Details**.

4. The **How Frequently Can NDIA Contact Me** page
5. Choose from Yes and No under Do you wish to subscribe to emails about Request for Service to update your Request for Service email preferences.

6. Click Update

7. The Request for Service Forms displays with a green banner message advising the contact details have been successfully updated.

**Provider Finder**

You may need to assist participants to find supports that you can’t provide. You can use the Provider Finder to search for providers within a specific area. You can also search by a Service (also known as Professions in Registration Groups).

1. Select the Provider Finder tile on the myplace home page.

The Provider Finder page displays.
2. You can search by different criteria:
   - **All Providers** – This option will display all providers within the selected distance of your address.
   - **Provider Name** – This option will allow you to enter the name of the provider you are looking for within the selected distance of your address.
   - **Profession/Service** – This option will allow you to select the profession/service you are looking for within the selected distance to your address. The profession/service is listed in a drop down menu.
   - **Support Category** – This option will allow you to select the support category you are looking for within the selected distance to your address. The support categories are listed in a drop down menu.

   **Tip:** Start entering the address using street number and name, select from the valid addresses that are listed. The more detail you enter, the more refined the list.

   At **Within**, select the radius of the search. This radius is based on the address in **Near Location**.

3. Select **Search**. The results of the search display. Use the pagination functions to move through the results.
4. Select **View Details** to see more information about the provider. Details of the provider display, including contact information, operating hours, services provided and contact information.

5. Select **Show Map** to view the location of the provider. You can print the search results by selecting **Print provider information**. Or select **Back to search results** to return to the search results.
6. You can print the search results by selecting Print provider information or Hide Map to return to the Provider Details page. Select Back to search results to return to the search results.

Upload evidence

For some processes (e.g. Quotations, NDIA Registrations) you need to provide additional information to the Agency. Upload Evidence provides this capability. This area enables you to upload documents to the NDIA.

Important Note: Do not use this function to upload evidence related to registration in states/territories that have transitioned to the NDIS Quality and Safeguards Commission. You must upload Commission evidence using the Commission portal.

1. Select the Upload Evidence tile on the myplace home page.

The Document Upload page displays.

2. Type in the Document Name (a meaningful name for you) and Description (what it contains).

3. Select Browse to locate the document on your computer.

4. Select the Upload button.

Note: Your uploaded documents will display under the Available Documents heading.
Note: You are not able to associate the document with an individual participant. If the document needs to be associated with the participant, please contact us on 1800 800 110.

Note: You are not able to open the document from within the portal, or remove it from the system after it is uploaded. If you uploaded the wrong document, please contact us on 1800 800 110.

Tip: Use meaningful document names and description. For example, put the type of document (e.g. Home Modification Plan) in the Document Name, and the Participant’s NDIS number in the Description.

Tip: Ensure you retain a copy of the uploaded file and are able to relate your copy to the Document Name and Description.
Downloads

You can download in just one report information about all the service bookings you have with active participants as well as information about all the participants that you have service bookings with and who have given the NDIA consent to share their plan with you. You can also download a list of your quotation requests.

1. Select the Downloads tile on the myplace home page.

2. After you click the Downloads tile, you will see a new tile screen with three options:
   - Download Service Bookings
   - Download Quotations
   - Download My Participants.

Download Service Bookings

This tile allows you download reports listing all the active service bookings you have with participants.
1. Select **Download Service Bookings** to request and download a report containing your service bookings information.

The **Download Service Bookings** screen displays, listing all service bookings that were active for your organisation in the 90 days to today’s date.

**Note**: If you are downloading reports to identify any service bookings that have expired or are about to expire, to determine if they have been extended by the [365-day plan auto-extension](https://www.ndis.gov.au) feature, you should filter the report by plan end date in Excel.

![Download Service Bookings](image)

2. Select **Request Download**. Or select **Back** to go back to the **Downloads** page.

**Note**: You can also download one of the reports already listed.

The **Download Service Bookings** screen displays with a green tick and system message saying ‘The request for download has been submitted.’ You can select **Cancel Request** to cancel a download (pending report) that you have just requested. Or select **Back** to go back to the **Downloads** page.
3. You will need to refresh the list of reports to view and download the report you have just requested. To do this, select Back to go back to the Downloads page. The Downloads page displays once more.

4. Select the Download Service Bookings tile to view the list of available reports. Your report will be listed first.
   
   **Note:** The system might occasionally experience delays of up to several hours when generating reports depending on the size of the report and system load at the time of request. In this case, you might need to repeat Steps 3 and 4 to see your report.

5. Select Download to download the report you requested.
6. When you select **Download**, an **Acknowledgement** window will pop up. Check the box to show you agree and will adhere to the acknowledgement regarding use of the information in the report that you are about to download.

After you check the **Acknowledgement** box, the popup window will expand to display a number of file format download options.
You have a choice of 4 format types depending on your business needs. They are:

- **Print friendly** — a format that allows you to view the data as a printable, readable report. If you wish to, you can use this format to output a PDF version; you will need to select to ‘print to PDF’ if this function is supported by your computer
- **CSV (Comma Separated Values)** — typically used to open as a spreadsheet for sorting and filtering the data. Note that this download has two heading rows
- **XML (eXtensible Mark-up Language)** — a format for importing into business systems
- **JSON (JavaScript Object Notation)** — a simple format for importing into business applications

### Download Quotations

This tile lets you download a list of all your quote requests.

1. Select **Download Quotations** to request and download your quote requests.

The **Download Quotations** screen displays a list of all quotes received by your organisation in the previous 90 days. If none were requested, no list will be displayed.
2. Select **Request Download**. Or select **Back** to go back to the **Downloads** page.
   **Note**: You can also download one of the reports already listed.

3. When you select **Request Download**, an **Acknowledgement** window will pop up.
   Check the box to show you agree and will adhere to the acknowledgement regarding use of the information in the report that you are about to download.

After you check the **Acknowledgement** box, the popup window will expand to display a number of file format download options.
You have a choice of 4 format types depending on your business needs. They are:

- **Printer friendly** — a format that allows you to view the data as a printable, readable report. If you wish to, you can use this format to output a PDF version; you will need to select to ‘print to PDF’ if this function is supported by your computer
- **CSV (Comma Separated Values)** — typically used to open as a spreadsheet for sorting and filtering the data. Note that this download has two heading rows
- **XML (eXtensible Mark-up Language)** — a format for importing into business systems
- **JSON (JavaScript Object Notation)** — a simple format for importing into business applications

**Download My Participants**

This tile lets you download a list of participants that you have active service bookings with. The download expires 24 hours after the report is requested to ensure the data is always up to date.

**Important note:** You will only be able to access information for participants who have given your organisation their consent to access their information. The information will in turn be restricted to:

- Participant name
- NDIS number
• Plan number
• Plan start date
• Plan end date
• Gender
• Interpreter required.

1. Select **Download My Participants** to request and download your participant's information.

   The **Download My Participants** screen displays listing any reports requested by your organisation in the previous 24 hours. If none were requested, no list will be displayed.

2. Select **Request Download**. Or select **Back** to go back to the **Downloads** page.

   **Note:** You can also download one of the reports already listed.
The Download My Participants screen displays with a green tick and system message saying ‘The request for download has been submitted.’ You can select Cancel Request to cancel a download (pending report) that you have just requested. Or select Back to go back to the Downloads page.

3. You will need to refresh the list of reports to view and download the report you have just requested. To do this, select Back to go back to the Downloads page. The Downloads page displays once more.

4. Select the Download Service Bookings tile to view the list of available reports. Your report will be listed first.

Note: The system might occasionally experience delays of up to several hours when generating reports depending on the size of the report and system load at the time of request. In this case, you might need to repeat Steps 3 and 4 to see your report. Select Download to download the report you requested.
When you select Download, an Acknowledgement window will pop up. Check the box to show you agree and will adhere to the acknowledgement regarding use of the information in the report that you are about to download.

After you check the Acknowledgement box, the popup window will expand to display a number of file format download options.
You have a choice of 4 format types depending on your business needs. They are:
