(94.9%) Successful payment requests

= \$177.2m

Paid this week

\$21.09b

Paid since 1 July 2016

Top 3 Reasons for Unsuccessful Payment Requests

19,298

(5.1%) Unsuccessful payment requests

The Agency is working with providers to successfully process these where valid payments are due.

11,211

Claim amount is greater than the available service booking

Cause: The claim amount is greater than the remaining available amount in the service booking.

How to Fix Steps:

- Review the claim and spend to date against the service booking to ensure the claim is within the agreed service agreement amount.
- Consider an increase to the amount of the service booking for further support if appropriate and funding permits.

5,216

Multiple Business Errors

Cause: Due to multiple reasons which may relate to the service booking or claim submitted.

How to Fix Steps:

- Analyse the claim and/or the service booking to determine any issues.
- If no known issues are found, contact the NDIA for further assistance.

837

Claim is outside the plan dates

Cause: The claim start date and end date is not within the plan dates.

How to Fix Steps:

- Check to see if the start date and end date of the service provided fit within the plan you are claiming from.

If you are still experiencing issues after following these steps, please contact the National Disability Insurance Agency on 1800 800 110
