• The Participant Service Guarantee (PSGs) timeframes shown in the table above have not yet been legislated and continue to be developed.

<sup>1</sup> The results for the timeframes shown are based on preliminary calculations and the methodology used to determine the timeframes may change going forward. As a result, PSG results in the previous quarter may be restated due to logic changes. 'NA' means that PSG results cannot be measured.

<sup>2</sup> The NDIA's new participant check-in process ensures that every scheduled review begins with a contact from the planner or partner to discuss review options well before any scheduled review date.

<sup>3</sup> The June 2021 quarter results use a service guarantee timeframe of 42 days.

<sup>4</sup> The June 2021 quarter results use a service guarantee timeframe of 90 days.

- Darwin Remote: 51% vs 62% benchmark
- Barkly: 68% vs 75% benchmark
- Katherine: 74% vs 76% benchmark
- Central Australia: 73% vs 75% benchmark

**Service districts closest to benchmark:**

- East Arnhem: 89% vs 85% benchmark
- Katherine: 82% vs 85% benchmark
- Central Australia: 81% vs 85% benchmark
- Barkly: 81% vs 85% benchmark
- Darwin Remote: 81% vs 85% benchmark

<sup>1</sup> Active providers refer to those who have received payment for supporting Agency-managed participants.

<sup>2</sup> The 'benchmark' in this analysis is the national average after adjusting for the proportion of participants in supported independent living in each service district and the length of time participants have been in the Scheme.

<sup>3</sup> Socioeconomic status uses deciles from the ABS Index of Education and Occupation (IEO). A higher decile indicates that people residing in that area have a higher level of skills and qualifications on average. The socioeconomic equity metric is equal to the average annualised plan budget of participants residing in the top two IEO deciles divided by the average annualised plan budget of participants residing in the bottom two IEO deciles (participants not in SIL and aged 0 to 64).

Summaries by service district

- Darwin Urban has the highest number (2,564) of active participants, while Barkly has the lowest (157).
- The average annualised plan budget at the end of September for active participants is \$114,300 (\$72,100 for participants not in SIL and \$548,700 for participants in SIL).
- The average payment for the 12 months ending 30 September 2021 is \$98,200 (\$51,800 for participants not in SIL and \$544,000 for participants in SIL).
- Central Australia has the highest average annualised plan budgets and payments across all participants.

<sup>1</sup> There are 130 active participants at 30 September 2021 residing in 'Other' service districts. 'Other' includes participants with service district information missing. The average annualised plan budgets and average payments for this group are not shown.

<sup>2</sup> Figures are not shown if there is insufficient data in the service district.
