## Round 1 Home and Living Demonstration Projects

**CLAIM CODE: 01\_825\_0115\_1\_1**

**Access to this support item is restricted to providers that have been selected by the NDIA to deliver a Round 1 Home and Living Demonstration Project, and who have a Memorandum of Understanding (MoU) in place for that project.**

This support item provides assistance with, or supervision of, tasks of daily life in a shared living environment, with a focus on developing the skills of each individual to live as autonomously as possible. The claim accounts for the package of assistance with daily life supports that will be provided within the funded weekly amount for both shared and individual supports. This bundled support includes all agreed supports within a typical week in the shared living environment that is agreed.

This support item is subject to a service agreement between the provider and participant (or nominee) specifying:

- An agreement to claim weekly amounts; and
- The agreed supports to be provided for the weekly amount claimed.

This support item can be delivered to individual participants subject to the rules set out in the *NDIS Pricing Arrangements and Price Limits*. **NDIS Providers who can use this line item have been advised through a notice in their MoU.**

As well as direct service provision, these support items can be used to claim for:

- **Short Notice Cancellations**

The price limit is a weekly portion of the total SIL funding specified in the participant’s plan across the duration of the plan. This may also encompass irregular supports if agreed with the participant. The item may be claimed through either of the below approaches

- An agreed flexible weekly claim amount as negotiated between provider and participant; or
- A standard weekly claim amount through dividing by the number of weeks in the plan period. There is no adjustment for weekdays, weekends or public holidays as the weekly amount claimed includes an annualised uplift for public holidays

The specific approach for each project will be captured in additional notices to the MoU.
