

Northern Territory Partners in the Community

Delivering the NDIS in communities

Northern Territory

Early childhood and Local Area Coordination partner contact information

Our early childhood partners

Our early childhood partners are local organisations we fund to deliver the early childhood approach to children younger than 9 and their families. Our early childhood partners have teams of professionals with experience and clinical expertise in working with young children with developmental delay or disability and their families. We chose them as partners for their specialist skills in early childhood intervention.

Our Local Area Coordination (LAC) partners

For most people aged 9 years and older, a Local Area Coordinator will be their main point of contact for the NDIS. Local Area Coordinators will help people with disability to connect with supports, activities in their community and other government services to meet their needs. They also help participants to understand the NDIS, work with NDIS participants to develop and use their NDIS plan.
