The NDIA would like to invite students with a disability in Years 9-12, their parents, carers and education professionals, to attend a virtual information session.

This is a session for young people supported by the NDIS to learn about the supports available to help them prepare for employment after school.

We will discuss a range of NDIS-funded supports and other assistance available to help young people build skills to prepare for their transition from school, and support them in achieving employment and other goals.

For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Time is AEST
