
The National Disability Insurance Agency invites current and prospective NDIS participants, their families and carers to attend information sessions to learn about the changes to planning and budgets in participant plans.

In these sessions we will give details about changes to the NDIS Act that will impact the future planning process.

We will deliver information sessions throughout October and November. Sessions are delivered via videoconference using Microsoft Teams and are offered over multiple dates to allow flexibility for attendees.

Registrations close 2 business days prior to the session date. We only accept individual registrations for events to ensure all attendees receive links to join.

Two business days before the event, login details (including the MS Teams link) will be sent to the email address you provide at registration. Please check your email address is correct when registering.

Accessibility is important to us. Auslan interpreters and live captioning services will be available for these sessions. Please advise if you have any additional requirements. For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Time is AEDT
