

Join us for an informative webinar on NDIA funded Assistive technology. This webinar is designed to help people with disability, families and carers understand NDIA funded Assistive technology.

When NDIA talk about assistive technology, we mean equipment, technology and devices that help you do things you can't do because of your disability. Assistive technology involves things designed to improve your daily life and help you do everyday things. Assistive technology may also help you do something more easily or safely.

Following the presentation, you will have an opportunity to ask questions.

Additional information:

- Session will be delivered via video-conference using Microsoft Teams.
- Registrations close one business day prior to the session.
- Log in details will be sent to the email address you provide at registration, so please ensure you enter your email address correctly when registering.
- If you have accessibility requirements, please advise when registering. If you have requested accessibility services, these services are provided by an external provider.

For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Time is AEST.
