Do you want to be your own boss? Join Carers Queensland for an Information Session and Discovery Workshop to learn more about the Be Your Own Boss – Microbusiness Program.

Microbusinesses, or businesses that operate on a very small scale, provide a great opportunity for people with disability to earn an income, increase self-confidence and achieve greater independence.

Carers Queensland's Be Your Own Boss – Microbusiness Program aims to empower, educate and support people with disability to establish or create their own microbusiness.

The information session will provide all details about the program, including business mentoring topics, key dates/times/locations and provides an opportunity for potential program participants to ask questions and assess whether or not this program is suitable for them.

The discovery workshop will form the second part of this event and is for people with disability and their carers to workshop potential business ideas.

By connecting with local business and peer mentors, participants will learn how to grow their microbusiness in a supportive environment and showcase their business at a local marketplace.

Places for the 2025 program are limited, so to express your interest in taking part, it is essential that you register your interest with the Carers Queensland team.

Register online, call us on 1300 999 636 or email CQ.customerservice@ndis.gov.au.
