

Join us for an informative webinar on Pathways to post school life. This is part of 'Understanding the NDIS' series of information sessions.

When an NDIS participant leaves school, there are a number of pathways and supports available to help young people build skills to prepare for their transition from school, and support them in achieving employment and other goals. Their choice depends on their aspirations, skills, abilities and interests.

This webinar will help students with a disability, their parents, carers and education professionals to learn about the supports available to help them prepare for employment after school.

For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Time is AEST.
