22 July 2025

We are pleased to advise that existing agreements with our partners in the community have been extended to 30 June 2027.

These extensions ensure continuing support to people with disability and NDIS participants, as NDIS reforms continue to improve the Scheme to deliver better outcomes for participants.

There will be no changes for participants and their families and carers. Partners will deliver similar services for individuals, to support people with disability to connect to the NDIS and assist NDIS participants to implement and utilise their plans.

Our early childhood and local area coordination partners play a valuable role in supporting our participants. We are pleased they will continue to provide their services to the community.
