The NDIA has updated our public data, now current as at 30 June 2025.

Find updated data at:

- Explore data (interactive data tool)
- Datasets
- Participant dashboards
- Quarterly report supplements
- SDA demand data.

This data is useful to anyone wanting to understand the NDIS in more detail. Information can be searched by area of interest, including participant numbers, plan budgets, providers, markets and plan utilisation.

Earlier this year, the Specialist disability accommodation (SDA) report (May 2025) was released. The report provides an overview of SDA data drawn from NDIA systems up to 31 December 2024.

It complements existing NDIA data, including data in the quarterly reports to the Disability Reform Ministerial Council (including Supplement P).

The NDIA regularly releases data about the NDIS. This is part of our commitment in the Participant Service Charter to be transparent.
