

This session will explore how participants can work effectively with NDIS providers, from choosing the right supports to communicating expectations and managing changes so supports work the way they're intended to.

Participants will learn about:

- How to find and choose NDIS providers that meet their needs
- What a service agreement is and why it's important
- Participants' rights and responsibilities when working with providers
- What to do if issues arise with a provider or supports

Who is this webinar for?

This session is designed for NDIS participants, carers, families, and kin, as well as supporting services such as advocacy organisations, peer support networks, and carers' groups.

We also encourage mainstream services that support people with disability including health, education, housing, and community services to attend.

It is not intended for providers.

Time is AEST
