

Employment supports through the NDIS can help participants build skills, find and keep work, and move toward their goals. This session will explain what supports are available, how they work, and how they can be used to support meaningful employment outcomes.

In this session we will cover:

- what types of employment supports the NDIS can fund
- who employment supports are for and when they might be appropriate
- how employment supports can help with getting a job, staying in work, or developing workplace skills.

Who is this webinar for?

This session is designed for NDIS participants, carers, families, and kin, as well as supporting services such as advocacy organisations, peer support networks, and carers' groups.

We also encourage mainstream services that support people with disability including health, education, housing, and community services to attend.

It is not intended for providers.
