

Join us for an informative webinar focused on the different ways people can support an NDIS participant to make decisions and manage their supports.

Supported decision making is the process of providing support to people to make decisions to remain in control of their lives.

This session will explain key roles, responsibilities, and consent arrangements, helping participants and those who support them to better understand how decisions are made under the NDIS.

We will cover:

- Supported decision making and how it works in practice
- Nominees, guardians, and child representatives
- Participant consent and what it means

What you can expect to hear:

This webinar is designed to build understanding of the NDIS and the role of the NDIA. Presentations are developed using publicly available NDIA resources, including information from the NDIS website and operational guidelines. The session brings together key information and explains it in an accessible and interactive format.

You will hear about the key principles, processes and supports that underpin the NDIS. The session focuses on general information and guidance that applies across the Scheme. Individual participant circumstances, plans and funding decisions will not be discussed.

If you require support relating to a specific situation, please contact your My NDIS Contact, Local Area Coordinator, Early Childhood Partner, Support Coordinator, or the NDIS Contact Centre.

Who is this webinar for?

This session is designed for

- NDIS participants, carers, families, and kin
- Supporting services such as advocacy organisations, peer support networks, and carers' groups.

We also encourage mainstream services that support people with disability including health, education, housing, and community services to attend.

It is not intended for providers.
