

The quarterly reports provide the disability ministers with information (including statistics) about participants in each jurisdiction and the funding or provision of supports by the NDIA in each jurisdiction.

The NDIA provides these reports to disability ministers within 42 days of the end of each quarter.

Following consideration by the NDIA Board, the quarterly reports are made available here within 45 days of the end of each quarter.

Note: there have been some minor amendments to the versions of these reports provided to the NDIA Board to de-identify personal data within small population figures.

Following a recent review, some publications will move to a six-monthly cycle from Q3 2025–26. This includes the National and State and Territory dashboards, and supplements covering state and territory statistics (F–M), participants by service district (O), utilisation (Q), and access decisions and first plans (R).

The first six-monthly release of these publications is scheduled for Q4 2025–26.

Supplement D (State and Territory comparison), Supplement E (National) and Supplement P (Specialist Disability Accommodation) will continue to be published quarterly.

Previous Quarterly Reports can be found on the [archive page](#).
