18 November 2019

There are currently a number of bushfires burning in New South Wales, Queensland and Western Australia.

Your local emergency services are your first responders during this period.

All National Disability Insurance Agency and Partners in the Community offices have reopened.

Department of Human Services Mobile Service Centres are travelling to affected areas in New South Wales to provide assistance. Locations are available on the Department of Human Services website .

We have listed impacted areas that have reopened below:
