The latest set of NDIS data is now available on the NDIS Data and Insights website .

It includes a range of new and refreshed data, including detailed reports into:

- Participant Outcomes
- Family/Carer Outcomes

This data release also includes:

- market dashboards for each Local Government Area (LGA), supplementing the dashboards by service district. This makes it easier for people to get a picture of Scheme progress in the areas they live in.
- new data sets on Culturally and Linguistically Diverse (CALD) participants, and Aboriginal and Torres Strait Islander participants based on 31 March 2020 data.
- refreshed data sets and tables using 31 March 2020 data for all data previously released.

This data highlights where the Scheme is progressing and areas for continued focus, so we can continue to improve outcomes for participants.
