30 November 2020

Celebrate International Day of People with Disability (IDPwD) with us on 3 December.

IDPwD aims to increase awareness, understanding and acceptance of people with disability. It's a day to celebrate the achievements and contributions of people with disability.

This year's theme, 'Seeing the ability in disability', challenges perceptions and common stereotypes, and celebrates the achievements of Australians living with disability.

We can work together to see all abilities and create an inclusive Australia.

Below, you can find a poster to display at home, your workplace or within your community.

More information is available on the official IDPwD website including an event calendar and event planning kit.

Let's see the ability in disability and create a more inclusive Australia.
