27 June 2022

Over the last week we have received feedback from providers and participants concerned that a number of therapies were removed from the NDIS Support Catalogue or prices reduced by the NDIA Board.

The NDIA apologises for the error and any confusion this has caused.

All therapies previous funded by the NDIS will continue to be funded. The price limits for therapies have not changed.

The NDIS Pricing Arrangements and Price Limits and Support Catalogue have now been updated, so that participants currently receiving these supports and providers delivering these supports will be in no doubt that they will continue after 1 July 2022.
