The National Disability Insurance Agency (the Agency) has released its 2022-26 Corporate Plan.

The Corporate Plan continues our work along the strategic roadmap that was introduced in the Corporate Plan 2020-24. It states our aspirations guiding our initiatives and service delivery for the next 4 years to achieve our purpose.

We will measure our performance to achieving our purpose against our five aspirations:

1. A quality experience and improved outcomes for participants
2. A competitive market with innovative supports
3. A genuinely connected and engaged stakeholder sector
4. A high-performing NDIA
5. A financially sustainable NDIS.

Our priorities and activities outlined in the 2022-26 Corporate Plan have been guided by:

- A newly elected Federal government.
- The implementation of the NDIS Amendment (Participant Service Guarantee and Other Measures) Bill 2021 including the legislating of the Participant Service Guarantee performance metrics from 1 July 2022.
- The establishment of an Engagement Framework to ensure the views and experiences of people with disability are included in the decisions we make.
- Designing and building a new ICT business system to improve the end-to-end participant journey.
- The ongoing impact of COVID-19 on participants, providers, and the Agency.
- Our commitment to strengthening fraud and compliance controls to safeguard participant funding.
- Scheme sustainability and financial pressures.
- To successfully achieve our purpose and improve the Scheme, we need the input, expertise and advice of participants, their families and carers, providers, the disability sector and community.
