

11 January 2023

We want to invite people with disability from CALD backgrounds to join an information session on the new NDIS Cultural and Linguistic Diversity (CALD) Strategy.

In the session, we will share what we have heard and learned about the issues impacting the CALD disability community. We will also tell you the solutions we propose.

Following the session, attendees can have their say via a survey, on ways to improve the NDIS for CALD people with disability.

Sessions will be held online on 7, 8 and 9 February.

For session times and to register, visit the [CALD Strategy Information Session Eventbrite page](#)

.

Learn how we are co-designing the [CALD Strategy](#) .
