The NDIA would like to invite all new NDIS providers to attend an information session on working as an NDIS provider.

This session will benefit new providers that have started delivering supports to NDIS participants.

This session will cover:

- a brief overview of the NDIS and support budgets
- NDIS Pricing Arrangements and Pricing Limits
- Working with participants
- Using the myplace provider portal
- Service agreements and service bookings
- Payment request and enquiries
- An opportunity for attendees to ask questions

Each session covers the same content. Please only register for one session to give others the opportunity to attend.

Registrations close three business days prior to the session date or once tickets have sold out. We only accept individual registrations for events to ensure all attendees receive links to join.

Two business day before the event, you will receive an email from the NDIS with the MS Teams link. This will be sent to the email address you provide at registration; the email may filter to your junk mail or be rejected by your organisations firewall. If for some reason you do not receive your email, please contact the Events team prior to the event on the email address below.

Please check your email address is correct when registering.

Accessibility is important to us. If you require an Auslan Interpreter, Live Captions or alternate format to access the session, please advise when registering. Please note, a minimum of five (5) business days' notice is required to book Auslan interpreters and live captioning services.

For all enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Registration is through Eventbrite, please read our advice on using the Eventbrite platform located on the NDIS website: Privacy | NDIS.

PACE Provider Information Sessions – All Providers

PACE will eventually replace the NDIA’s current computer system. We want to make sure NDIS providers are ready to support participants when NDIS plans start to be created on the PACE system later this year.
