

The NDIA encourages NDIS providers to attend an information session to learn more about our new computer system - PACE.

PACE will eventually replace the NDIA's current computer system.

We want to make sure NDIS providers are ready to use PACE when transition starts later this year.

In this session we will deliver an overview of PACE.

We will also examine the key change areas for providers and review the functionality in the new provider portal.

This information session will be of particular interest to NDIS providers outside of Tasmania that have not worked with PACE and directly deliver supports to NDIS participants

**\*\*There are alternate sessions for providers delivering intermediary supports such as a plan managers or support coordinators\*\***

## Registration

Registrations close one business days prior to the session date.

We only accept individual registrations for events to ensure all attendees receive links to join.

## Accessibility

If you have accessibility requirements, please advise when registering.

A minimum of five business days' notice is required to book Auslan interpreters and live captioning services.

For any enquiries regarding this session, please contact [events@ndis.gov.au](mailto:events@ndis.gov.au) and include the session name in the subject line.
