

The National Disability Insurance Agency invites Plan Managers to attend an information session to learn how their roles function within the new PACE system, and have the opportunity to ask questions that will be addressed during the information session.

PACE will eventually replace the NDIA's current computer system. We want to make sure National Disability Insurance Scheme (NDIS) providers are ready to support participants when NDIS plans start to be created on the PACE system later this year.

Accessibility is important to us. If you have accessibility requirements, please advise when registering. A minimum of five business days' notice is required to book Auslan interpreters and live captioning services.

For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Time is AEST
