The NDIA invites Unregistered Support Coordinators to attend an information session to learn how their roles function within the new PACE system, and have the opportunity to ask questions that will be addressed during the information session.

PACE will eventually replace the NDIA's current computer system. We want to make sure National Disability Insurance Scheme (NDIS) providers are ready to support participants when NDIS plans start to be created on the PACE system later this year.

Sessions will be delivered via video-conference using Microsoft Teams.

A copy of the presentation will be shared with attendees after the delivery of the final session.

Registrations close one business days prior to the session date. We only accept individual registrations for events to ensure all attendees receive links to join.

One business day before the event, login details (including the MS Teams link) will be sent to the email address you provide at registration. Please check your email address is correct when registering.

Accessibility is important to us. If you have accessibility requirements, please advise when registering. A minimum of five business days' notice is required to book Auslan interpreters and live captioning services.

For any enquiries regarding this session, please contact <a href="mailto:events@ndis.gov.au">events@ndis.gov.au</a> and include the session name in the subject line.

Time is AEST
